
SCHOOL IMPROVEMENT PLAN

2006-2007

School Name: 7381 - Miami Norland Senior High School

FeederPattern: Miami Norland Senior

Region: Regional Center II

District: 13 - Miami-Dade

Principal: Gale Cunningham

Superintendent: Rudolph F. Crew, Ed.D.

SCHOOL IMPROVEMENT PLAN

EXECUTIVE SUMMARY

Miami Norland Senior High School

In order to cultivate the changes necessary to advance high achievement while eliminating low performance, Miami Norland Senior High School will institute an instructional program with a strong focus on literacy from ninth to twelfth grade. Common instructional reading materials with demonstrated success will be employed at the school as well as supplemental materials and literacy intervention across grade levels. A structured curriculum will be delivered through instruction that is data driven. A strong emphasis will be placed on continuous assessment which monitors student achievement through a variety of assessments including weekly, monthly and quarterly assessments which will yield student performance data to be carefully analyzed and used to focus instruction accordingly.

Data collected from Miami Norland Senior High School indicates that as students transition from one level to another, academic achievement scores decrease. As a response to this data, Miami Norland Senior High School will begin a Transition Academy that will engage ninth grade students in developmentally appropriate activities based on acquiring knowledge, skills, and abilities to promote effective, lifelong career development. Furthermore, the Transition Academy will foster a smooth transition for students as they enter senior high school, a time when students often experience emotions such as anxiety or fear associated with leaving behind safe familiar school environments and anticipating the beginning of senior high school.

Students at Miami Norland Senior High School will participate in a Career Fair, which will be held each year in April. This Career Fair will bring together students and community businesses in an effort to develop a real-life connection between students' work in school and their choice of careers.

Students in grades nine to twelve will be required to produce an annual comprehensive project that will bring concrete purpose and meaning to a wide range of content areas. Student research projects will further prepare them for life beyond the secondary school experience by requiring independent research, planning, writing, and presentation. Research projects will be required of each Miami Norland Senior High School student as part of a promotional activity to be completed and presented at the end of the school year.

Miami Norland Senior High School, as a member of the School Improvement Zone, recognizes that good instruction is the foundation that fosters learning. To address this priority, high caliber professional development for teachers and administrators will occur. Collaboration with local universities will ensure that teachers' professional development experiences are based on current, effective research that targets students' academic needs. Additionally, site-based professional development will be delivered by teams of specialists to ensure effective implementation of the professional development activities into classroom instruction. School site administrators, as the instructional leaders of the schools, will be involved in the professional development activities in order to effectively monitor instruction. The administrative team for the School Improvement Zone will be at the core of the professional development effort, monitoring and supporting the direct services to Miami Norland Senior High School.

Miami Norland Senior High School provides a comprehensive educational experience enabling all students to become productive life long learners, critical thinkers, effective problem-solvers, and technologically astute citizens who will contribute positively to the global community.

The mission of Miami Norland Senior High School is to provide a quality experience that will educate students to fulfill their roles as responsible, productive citizens who respect individuality, cultural differences, and realize their potential as life-long learners.

The vision of Miami Norland Senior High School is to endeavor to be the exemplar for academic, social, and cultural values for the greater Miami Norland community. We strive to facilitate the embrace of ever-higher academic achievement, the joy of cultural diversity, and the importance of social responsibility and conscience among the students and staff; we envision a community where these beliefs and values will be supported and embraced by all of our stakeholders. The realization of this vision will be a future where our students will make positive local, national, and global contributions through the internalization and actualization of lifelong academic, social, and emotional development and welfare.

Given instruction based on the Sunshine State Standards (SSS), students in grades 9 and 10 will improve their skills as evidenced by a minimum of 51 percent of students scoring at or above Achievement Level 3 on the 2007 administration of the FCAT Reading Test.

Given instruction based on the Sunshine State Standards (SSS), Black students in grades 9 -10 will improve their skills as evidenced by a minimum of 51 percent of students scoring at or above Achievement Level 3 on the 2007 administration of the FCAT Reading Test.

Given instruction based on the Sunshine State Standards (SSS), Economically disabled students in grades 9 -10 will improve their skills as evidenced by a minimum of 51 percent of students scoring at or above Achievement Level 3 on the 2007 administration of the FCAT Reading Test.

Given instruction based on the Sunshine State Standards (SSS), Limited English Proficiency (LEP) students in grades 9 -12 will improve their skills as evidenced by a minimum of 51 percent of students scoring at or above Achievement Level 3 on the 2007 administration of the FCAT Reading Test.

Given instruction based on the Sunshine State Standards(SSS),Students with Disabilities in grades 9-12 will improve their reading skills as evidenced by a minimum of 51 percent of students scoring at or above Achievement Level 3 on the 2007 administration of the FCAT Reading Test.

Given instruction based on the Sunshine State Standards (SSS), all students in grades 9 and 10 will improve their mathematics skills, as evidenced by a minimum of 56 percent of students scoring at or above Achievement Level 3 on the 2007 administration of the FCAT Mathematics Test.

Given instructions based on the Sunshine State Standards (SSS), black students in grades 9 thru 12 will improve their mathematics skills as evidenced by a minimum of 56 percent of students scoring at or above Achievement Level 3 on the 2007 administration of the FCAT Mathematics Test.

Given instructions based on the Sunshine State Standards (SSS), Limited English Proficient (LEP) students in grades 9 thru 12 will improve their mathematics skills, as evidenced by a minimum of 56 percent of students scoring at or above Achievement Level 3 on the 2006 administration of the FCAT Mathematics Test.

Given instruction based on the Sunshine State Standards (SSS), Economically disadvantaged students in grades 9 thru 12 will improve their mathematics skills, as will be evidenced by a minimum of 56 percent of students scoring at or above Achievement Level 3 on the 2007 administration of the FCAT Mathematics Test.

Given instruction based on the Sunshine State Standards (SSS), Students With Disabilities (SWD) in grades 9 thru 12 will improve their mathematics skills as will be evidenced by a minimum of 56 percent of students scoring at or above Achievement Level 3 on the 2007 administration of the FCAT Mathematics Test.

Given instruction based on the Sunshine State Standards (SSS), Hispanic students in grades 9 thru 12 will improve their mathematics skills as evidenced by a minimum of 56 percent of students scoring at or above achievement level 3 on the 2007 administration of the FCAT Mathematics Test.

Given instruction based on the Sunshine State Standards (SSS), students in grade 10 will improve their writing skills, as evidenced by 85 percent of students reaching the State mastery level of 3.5 or higher on the 2007 administration of the FCAT Writing Plus Test.

Given instruction using the Sunshine State Standards, 56% of students will attain mastery as documented by the 2006 administration of the FCAT Science subtest.

Given a school-wide focus on increasing parental involvement to facilitate student achievement, parental involvement activities will be increased by 35% for the 2006- 2007 school year as documented by attendance rosters compared to 2005-2006 attendance rosters.

Given the emphasis on a safe and orderly environment, students' behavior will improve at Miami Norland Senior High as evidenced by a ten percent decrease in the number of indoor/outdoor suspensions during the 2006-2007 school year as compared to the 2005-2006 school year.

Given the emphasis on the use of technology in education, administration will provide 60 additional computers. This will increase the number of computers at Miami Norland Senior High to 481.

Obtain 360 gold and 400 silver on the FITNESSGRAM as compared to 282 golds in 2005 and 348 in 2005 - 2006.

Given the emphasis on electives and special areas Miami Norland will increase the number of career academies from three to six having all 9th,10th and 11th grade students involved in one of the six academies.

Miami Norland Senior High School will improve its ranking on the State of Florida's ROI index publication from the 50th percentile in 2004-2005 to the 75th percentile on the next publication of the State of Florida ROI index.

Increase the number of students graduating Miami Norland Senior High School to 65 percent from 56 percent.

MIAMI-DADE COUNTY PUBLIC SCHOOLS

VISION

We are committed to provide educational excellence for all.

MISSION

We provide the highest quality education so that all of our students are empowered to lead productive and fulfilling lives as lifelong learners and responsible citizens.

CORE VALUES

Excellence

We pursue the highest standards in academic achievement and organizational performance.

Integrity

We build positive relationships through honesty, respect and compassion, which enhance the self-esteem, safety, and well-being of our students, families and staff.

Equity

We foster an environment that serves all students and aspires to eliminate the achievement gap.

Citizenship

We honor the diversity of our community by working as a team to ensure the educational success of all of our students and recognize that our obligations go beyond our professional responsibilities to promote democratic principles.

Miami Norland Senior High School

VISION

Create a community of life-long learners.

MISSION

The mission of Miami Norland Senior High is to provide a quality experience that will educate students to fulfill their roles as responsible productive citizens, who respect individually and culturally differences and who realize their potential as life-long learners.

CORE VALUES

We provide moral guidance and social development to encourage the establishment of exemplary citizenship.

Excellence

We pursue the standards of academic achievement that will identify all we serve as organized and productive.

Integrity

We establish positive collaborations that will identify us as purposeful and committed to honesty, respect and compassion.

Equity

We foster relationships that recognize each of us as equal and valuable to society.

Citizenship

We honor the diaspora of our community as we use its historical foundation to propel our commitment to our professional responsibilities to educate our students to become life-long learners.

School Demographics

Miami Norland Senior High School, taking its name from the community it serves, opened its doors in September 1958. The school is built on a 16.4 acre campus, located one half mile east of Dolphin Stadium. It can be socio-economically classified as lower-middle to middle class, with an average property assessment of \$90,000 to \$250,000. The student population is 2252 and is composed of 94% Black, 5% Hispanic, 0.8% White, 0.1% Asian and 0.14% Indian. In order to narrow the achievement gap, Miami Norland Senior High School's expanded curriculum has created academy models, offering students specialized courses based on their areas of career interest. Included in those classes are JROTC, Business Education and Technology, and two magnet programs: Children's Advocacy, Research, Education, and Services Magnet (C.A.R.E.S.), preparing students for careers in child services such as educators, child psychologists, family lawyers, social workers, and pediatricians; and, the Academy of Hospitality and Tourism Magnet (AOHT)), a career focus academy affiliated with the National Academy Foundation (NAF) that affords students the opportunity to explore a variety of careers in Florida's booming tourism industry, including hotel and restaurant management, entertainment, and sports. Students also have an opportunity to select from a variety of extra-curricular activities and athletics, encompassing more than forty clubs and organizations, and twenty varsity and junior varsity sports teams. In the area of curriculum, Miami Norland Senior High School encourages rigor, and offers challenging, high-powered core academic courses including honors, and advanced placement. The electives include anatomy and physiology, journalism, television and broadcasting, and web design. They provide a combination of academics and real world applications. Miami Norland is also proud of its unique dual enrollment program for exceptional education students (ESE), which takes the form of a collaborative endeavor between our site and post-secondary vocational training at Lindsey-Hopkins Technical Education Center, a vocational facility operating under the auspices of Miami-Dade County Public Schools. The impact of diversity among the students, staff and faculty of Miami Norland Senior High school is evident in the varied celebrations of culture that have become a part of the traditional school year. Much of the emphasis on the celebration of diversity as a source of inter-cultural strength is extended into the community as part of the facility are frequently utilized for related meetings and events. The school actively seeks to provide for the needs of the students, parents, and community within its boundaries. The faculty at Miami Norland Senior High School is predominantly Black; 54% of our teachers fall into this demographic group. The other demographic group representations are as follows: 33% White, 6% Indian, 8.2% Hispanic, and 1% Asian. Miami Norland Senior High's faculty is comprised of 11% beginning teachers with 38% possessing masters degrees, 11% possess specialist degrees, and 4% hold doctoral degrees.

School Foundation

Leadership:

The survey reveals that our staff scored a 4.0 on a 5 point likert scale in terms of leadership. Therefore, our staff seems to be more than satisfied with the administrative leadership at our school. The administrative team sets direction for Miami Norland Sr., shares the mission and vision of the school, creates a positive working environment, and involves its employees in the day to day operation of the school.

District Strategic Planning Alignment:

The survey reveals that our staff scored a 3.6 on a 5 point likert scale in terms of strategic planning. Therefore, our staff indicates they are moderately involved in setting and developing goals for Miami Norland Sr.

Stakeholder Engagement:

The survey reveals that our staff scored a 4.0 on a 5 point likert scale in terms of stakeholder engagement. Students, parents, and community members are highly involved in helping our school to be successful. This involvement usually creates a satisfied customer, which is revealed by this survey.

Faculty & Staff:

The survey reveals that our staff scored a 3.7 on a 5 point likert scale in terms of human resources. Therefore, staff indicates there exist a moderate team approach in the functioning of the school and the school could involve the faculty a bit more.

Data/Information/Knowledge Management:

The survey reveals that our staff scored a 4.1 on a 5 point likert scale in terms of management. Therefore, the staff indicates there exist high utilization of data in order to develop a more effective learning environment.

Education Design:

The survey reveals that our staff scored a 4.1 on a 5 point likert scale in terms of education design. Therefore, the staff indicates a high acceptance of the processes that drive the function of the school.

Performance Results:

The survey reveals that our staff scored a 3.7 on a 5 point likert scale in terms of performance. Therefore, the staff indicates a lower acceptance of the results that come from the processes of the function of the school.

GOAL 1: READING

Alignment of Objective to the Florida Department of Education and the District Strategic Plan

Florida Education Priorities

(1000.3(5)(a)-(f), F.S.)

Learning and completion at all levels, including increased high school graduation and readiness for postsecondary education	Student Performance	Alignment of Standards and Resources	Educational Leadership	Workforce Education	Parental, Student, Family, Educational Institution, and Community Involvement
<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Miami-Dade County Public Schools

District Strategic Plan

Ensure achievement of high academic standards by all students.	Develop our students so that they are able to successfully compete in the global economy.	Actively engage family and community members to become our partners in raising and maintaining high student achievement.	Reform business practices to ensure efficiency, effectiveness and high ethical standards.	Recruit, develop and retain high-performing, diverse, and motivated faculty and staff.
<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

GOAL 1 STATEMENT:

Students at Miami Norland Senior High school will improve reading skills.

Needs Assessment

Data derived from the 2006 administration of the Florida Comprehensive Assessment Test (FCAT) Sunshine State Standards (SSS) Reading subtest cluster analysis indicated that 15% met high standards, 43% made learning gains, and 52% of the lowest 25% made adequate progress. Students in grade nine at Miami Norland Senior High School weakest areas were reference/research with 45% correct, words/phrases with 25% correct, and main idea/author's purpose with 45% correct. The strongest areas remain comparison/cause and effect. Students in grade 10 lowest scores occurred in comparisons with 54% correct, reference research with 50% correct, and words/phrases with 33% correct. The strongest areas in grade ten were main idea and author's purpose with 56% correct. The lowest 25 percentile of the student population has shown continued progress in reading; however, the majority of the population is not moving consistently from Levels 1 and 2 to Level 3 or above, which generates a need to provide differentiated instruction across content areas and improve the daily instructional program for all students. The data further indicates that students acquire independent word learning strategies and participate in intentional word building activities, to attain grade level vocabulary, which will ultimately improve their performance in the cluster words/phrases. Additionally, students need to read extensively a variety of materials to improve critical thinking and comprehension strategies.

Administration Reading Teachers Curriculum Support Specialist	08-07-06	06-01-07	District Strategic Plan	\$0.00
Identify students in grades 9 and 10 who scored at FCAT levels 1 and 2 and schedule them in intensive reading classes.	Administration	08-07-06	06-01-07	District Strategic Plan	\$0.00
Enroll students and monitor and evaluate attendance in Extended Day, After School Tutorials, Saturday School, and the 13th Year tutorial programs.	Administration	08-07-06	06-01-07	District Strategic Plan	\$0.00
Implement the State and District Comprehensive Reading Plan across the curriculum including independent and supervised reading activities.	Administration	08-07-06	06-01-07	District Strategic Plan	\$0.00

Research-Based Programs

Utilize reading text: Sourcebook and Daybook of Critical Reading, published by Great Source; English text: Literature, published by McDougal Littell; and an intervention program: Read 180, published by Scholastic.

Professional Development

Utilizing the School Improvement Zone organizational structure, professional development will provided in the following areas:

CREating Independence through Student-owned Strategies(CRISS), Differentiated Instruction, Edusoft, SPI, PMP, Print Rich Environment, Classroom Management, MAZE Testing, Diagnostic Assessment of Reading, Read 180, Accelerated Reader Reciprocal Teaching, Writing, Lessons Learned/FCAT Item Specifications, Language Essentials for Teachers of Reading and Spelling (Letrs), Learning Express, Reading Plus, and Wild About Words.

Evaluation

1. Utilize the 2007 FCAT Reading Test, district approved assessment, MAZE Testing, Reading Plus, and Survey Reading Inventory(SRI) to analyze students' specific needs. 2. Administer district approved interim assessments, Biweekly and monthly assessments, and Read 180 reports to redirect reading instruction and monitor student progress.

GOAL 2: MATHEMATICS

GOAL 2 STATEMENT:

Students at Miami Norland Senior High School will improve mathematics skills.

Needs Assessment

Data derived from the 2006 administration of the FCAT Mathematics Test indicated that, school wide, 29 percent of the students met high standards and 69 percent achieved annual learning gains in mathematics. According to the cluster analysis, students in grades 9 and 10 scored the lowest in measurement, geometry, and data analysis and algebraic thinking which specifies a need for differentiated instruction for all students. The data also revealed that students are having difficulty with order of operations that involve grouping symbols, percentage of increase and decrease, recognizing equivalent expressions, and applying properties of numbers to integers, and understanding the effect of operations on numbers. Throughout all grade levels, students need experience with collecting, analyzing, making inferences, and using meaningful data. These experiences need to be infused into interdisciplinary lessons so that students can learn concepts from several areas and effectively use instructional time while making real life connections. The assessment results also indicated a need to provide staff development for mathematics teachers so that they can assist in developing appropriate instructional strategies for low performing students.

teachers, modeling a strategy, and providing feedback) to support teachers and the core mathematics program.					
Provide students with performance-based activities incorporating the use of manipulatives, problem-solving, critical thinking, communication skills, and technology.	Administration Mathematics Department Chair Mathematics Teachers	08-07-06	06-01-07	District Strategic Plan	\$0.00
Enroll identified grade 9 and 10 students in all subgroups who scored at Levels 1 and 2 on the Florida Comprehensive Assessment Mathematics Test (FCAT) in intensive mathematics classes and develop a Progress Monitoring Plan (PMP) for each of the targeted students.	Administration Department Chairperson Mathematics Teachers	08-07-06	06-01-07	District Strategic Plan	\$0.00

Research-Based Programs

Mathematics text
RiverDeep
Cognitive Tutor

Professional Development

Professional Staff Development: Teachers in the mathematics area will concentrate on acquiring the required 56-professional development hours in courses that cover techniques of mathematics instruction. Additionally, mathematics teachers will participate in professional development that fosters a greater understanding of data analysis, Continuous Improvement Model (CIM), Curriculum Mapping, Mathematics Lesson Planning, differentiating instruction, Performance-Based Item Specifications for Mathematics, Edusoft, FCAT Explorer, RiverDeep, Cognitive Tutor, Reciprocal Teaching, and Creating Independence through student-owned strategies (CRISS).

Evaluation

The aforementioned objectives will be evaluated by the results of student performance on the 2007 CAT Mathematics Test. Additionally, pre and post tests, teacher generated bi-weekly and quarterly assessments, and interim assessments as required by the District, will be used to provide formative and summative data on student progress. Research-based software will be utilized to diagnose deficiencies and monitor progress.

GOAL 3 STATEMENT:

Students at Miami Norland Senior High school will improve their writing skills.

Needs Assessment

Data derived from the 2006 FCAT Writing Plus Test indicated that, school wide, 73 percent of students met high standards of 3.5 and above. Analysis of the 2006 FCAT Writing Plus Test reflected that students need continuous opportunities to practice persuasive and expository writing. The data for persuasive writing indicated that 18 percent of students scored at 3.5 and above and 31 percent of students scored 4.0 and above. Students need to increase their scores by 12 percent overall. The assessment also indicated a need to incorporate strategies to improve students' expository and persuasive writing skills. Practice activities need to include writing extended responses to content based questions and giving written rationales for project results as per the practice models of persuasive writing, including but not limited to , commercials, and legal briefs.

6 Write Traits

Professional Development

Teachers in the mathematics and science areas will concentrate on acquiring the required 56-professional development hours in courses that cover techniques of English instruction. Additionally, English teachers will take courses that pertain to data analysis, Continuous Improvement Model (CIM), Curriculum Mapping, Writing Lesson Plans, differentiated instruction, Department of Education's Writing Plus, Edusoft, Reciprocal Teaching, and Creating Independence through Student-owned Strategies (CRISS).

Evaluation

The aforementioned objectives will be evaluated by scores on the 2007 FCAT Writing Plus Test. Additionally, pre and post test, teacher generated bi-weekly, monthly, and School Improvement Zone Interim Assessments will be used to provide informative and summative data on student progress and drive instruction.

GOAL 4: SCIENCE

Reform business practices to ensure efficiency, effectiveness and high ethical standards.	Recruit, develop and retain high-performing, diverse, and motivated faculty and staff.
<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

GOAL 4 STATEMENT:

Students at Miami Norland Senior High School will improve their science skills to meet the state required mastery level.

Needs Assessment

Results of the 2006 Science test administered of the FCAT reflect that 11% of the students have met high standards. Therefore, eleventh grade students need improvement in the area of Physical/Chemical 29%, Earth Space (36%), Life /Environmental (33%), and Scientific Thinking (45%) respectively. This year a concentrated effort in this area should result in an increase in student achievement in Science.

Measurable Objective

Given instruction using the Sunshine State Standards, 56% of students will attain mastery as documented by the 2006 administration of the FCAT Science subtest.

<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

GOAL 5 STATEMENT:

Miami Norland's goal is to increase parent involvement in raising student achievement.

Needs Assessment

Miami Norland Senior High School needs are identified through a low percentage of parent/guardian attendance in the following areas: conferences, IEP and child study team meetings.

Identified weak areas are parent conferences requested by teachers, student orientations, yearly open house and parent summit meetings. Efforts need to be highly focused and planned to increase parental involvement in order to increase student achievement.

Measurable Objective

Given a school-wide focus on increasing parental involvement to facilitate student achievement, parental involvement activities will be increased by 35% for the 2006- 2007 school year as documented by attendance rosters compared to 2005-2006 attendance rosters.

Action Steps

GOAL 6 STATEMENT:

Norland Senior High School will provide a safe and disciplined learning environment for all students.

Needs Assessment

Based on 2005-2006 student case management reports, Miami Norland Senior High School had 949 outdoor and indoor suspensions. Norland Senior High needs to decrease outdoor and indoor suspensions by ten percent during the 2006-2007 school year.

Measurable Objective

Given the emphasis on a safe and orderly environment, students' behavior will improve at Miami Norland Senior High as evidenced by a ten percent decrease in the number of indoor/outdoor suspensions during the 2006-2007 school year as compared to the 2005-2006 school year.

<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

GOAL 8 STATEMENT:

Provide 51% of students the opportunity to obtain gold and silver awards.

Needs Assessment

Based on the results of the 2005-2006 FITNESSGRAM 55 percent of students were award winners in the physical fitness testing. This indicates a need for an additional 2 percent of the students to become more physically active. The physical fitness of our students has changed from an analysis based on a level of skill to one based on a level of health. As the physical fitness and health concerns of our student population become more prevalent, there is a need to make health related fitness an integral part of our annual curriculum.

Measurable Objective

Obtain 360 gold and 400 silver on the FITNESSGRAM as compared to 282 golds in 2005 and 348 in 2005 - 2006.

Miami-Dade County Public Schools

District Strategic Plan

Ensure achievement of high academic standards by all students.	Develop our students so that they are able to successfully compete in the global economy.	Actively engage family and community members to become our partners in raising and maintaining high student achievement.	Reform business practices to ensure efficiency, effectiveness and high ethical standards.	Recruit, develop and retain high-performing, diverse, and motivated faculty and staff.
<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

GOAL 11 STATEMENT:

Provide students with every opportunity to graduate from Miami Norland Senior High School with a diploma and the tools necessary to operate in an institution of higher learning or the workforce.

Needs Assessment

Given the emphasis on graduation, data suggests that graduation rates may be affected by truancy, high stake testing and the lack of parental/students academic awareness.

Measurable Objective

Increase the number of students graduating Miami Norland Senior High School to 65 percent from 56 percent.

Action Steps

STRATEGIES	PERSONS RESPONSIBLE (Identify by titles)	TIMELINE		ALIGNMENT	BUDGET
		START	END
